WELCOME

Built to last, by the hands that made it.

Lumberly is a design-led joinery studio based in Burford. We create bespoke cabinetry, fitted interiors and handcrafted furniture, often in reclaimed timber and natural finishes.

With 13 years in woodworking, Brandon designs every piece in 3D, builds it in the workshop and fits it on site, from heritage homes to new builds across the Cotswolds.

CABINETRY & DOORS

The Dressing Room

Fluted and carved oak cabinetry, glazed oak doors and a stone pivot door, designed, made and fitted by Lumberly.

IN THE DETAILS

Handles, drawers and carved fronts

KITCHENS

Oak Kitchen Run

A long run of dark oak cabinetry beneath the window, with integrated appliances and a seamless worktop.

RECLAIMED TIMBER

Reclaimed Timber Room

A bare steel-framed unit transformed with reclaimed timber cladding and built-in display niches.

FITTED FURNITURE

Dog Kennel Dresser

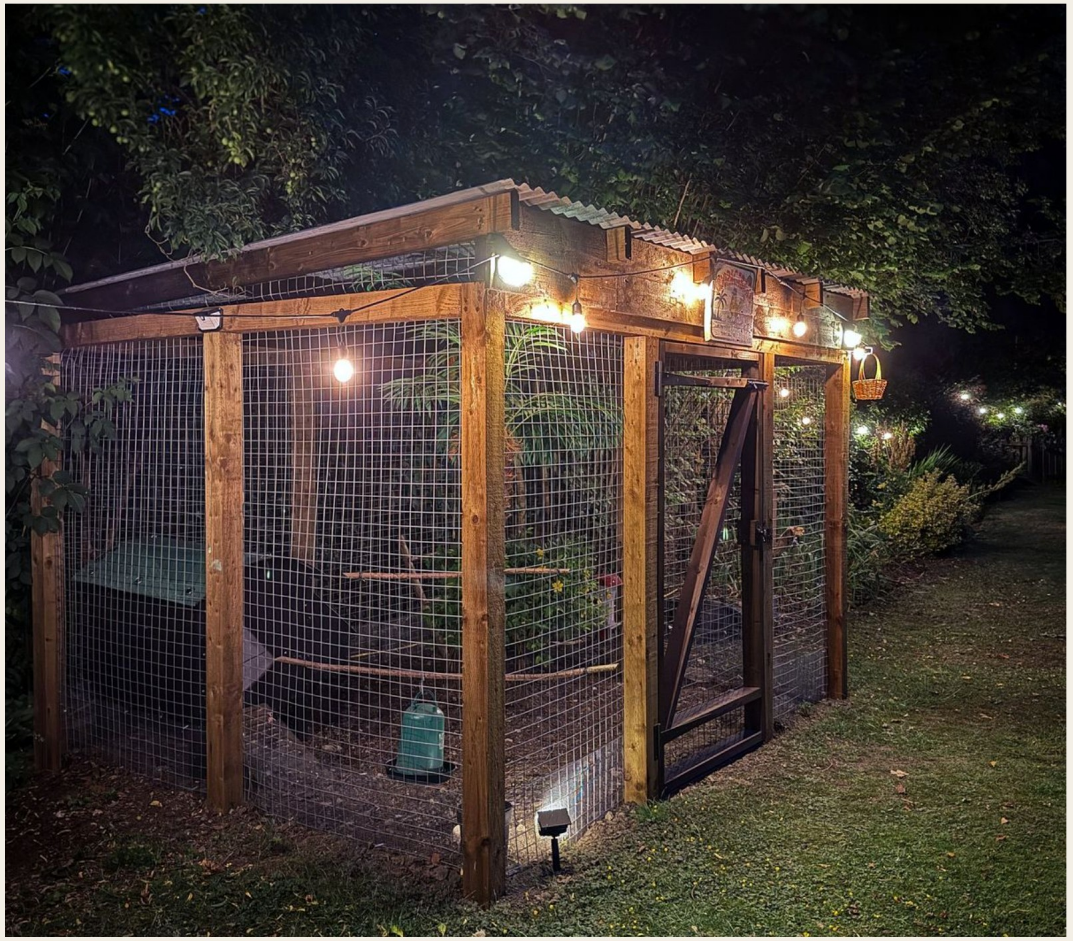
A painted dresser with built-in dog kennels below and dovetailed solid-timber drawers above.

RECLAIMED OAK

Drawers & Vanity

Dovetailed drawer boxes set into a reclaimed oak carcass, and a cloakroom vanity built from the same timber.

Painted Study Desk. An oak top over banks of drawers either side.



The Coopacabana. A timber-framed chicken run with lighting.

RESTORATION

Original floorboards, brought back to life

Worn and patched boards in a period home, repaired, sanded and refinished instead of replaced.

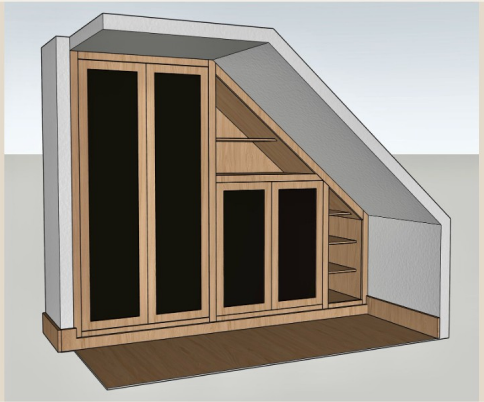
After

How a project works



01

Visit & measure. We meet at your home and survey the space properly.

02

3D design & price. A 3D design and an itemised price before any timber is cut.

03

Made in Burford. Built and finished in our own workshop.

04

Fitted & finished. Installed by the maker and snagged until it is right.
